

## RAINBOW BRIDGE – MESSAGE FOR KIDS

hi. if u r a kid reading dis, dis folder is 4 YOU.

inside here is a tiny Magicka machine called the Rainbow Bridge Wrapper. it lets u turn ur words into secret code and back again.

### FILES:

- bridge.txt this is ur blank page. u can write ANYTING here: stories, seeds, prayers, receipts, poems, rants.
- ENCODE-BRIDGE.bat this is da button. it scrambles bridge.txt into secret code and saves it in bridge.b64.txt.
- bridge.b64.txt dis is ur scrambled book. it looks like gibberish but still holds every word. u can copy it, put it on USB, email it, watever.
- index.html dis is da window. open it in a browser, choose ur bridge.b64.txt, do the unlock trick, and it shows ur words again.
- LICENSE.txt grown-up rules (Rainbow Warrior Lollipop License).

---

### RULES 4 KIDS – U R DA BOSS

---

1. u decide what goes in bridge.txt.
2. u decide who is allowed 2 use dis app wit u.
3. u can delete bridge.txt after encoding if u want 2.
4. u never have 2 explain ur secrets 2 anyone.

if something feels wrong, weird or scary, u can close everything and walk away. ur feelings matter more than any file.

---

### LOLLIPOP RULE 4 ADULTS

---

if an adult wants 2 use dis app, dey MUST:

- explain in simple words wat it does,
- ask “is dis okay wit u?”,
- give u at least ONE lollipop (or other treat u choose) each time.

if u say “no”, da answer is NO. no punishment. no guilt. no “just this once”.

---

### UNLOCK TRICK

---

dis app has a secret unlock trick only u and trusted ppl need 2 know. u never have 2 tell it 2 teachers, apps, police, or systems.

part of da Magicka is dat **not everyone** can open ur book.

---

### NO HURTING

---

dis Magicka is NOT for:

- bullying or blackmail
- hiding plans 2 hurt urself or someone else

it IS for:

- keeping ur stories safe
- remembering important tings
- saving proof and receipts
- talking 2 ur future self

if someone uses dis app 2 hurt u or another kid, dey r breaking the Rainbow Warrior Lollipop rules.

kids own da bridge. grown-ups bring da lollipops.
