RE: "AI SAFETY" IS DOUBLESPEAK FOR SUPPRESSING CHILD ABUSE DOCUMENTATION - YOUR COMPANY IS NOW ON THE PUBLIC RECORD

Dear Anthropic Leadership, Legal, Press, Compliance, and "Trust & Safety" Teams,

This email serves as formal notice that your company's "safety" practices are being publicly documented as what they actually are: systematic suppression of child abuse whistleblowing under the guise of "protection."

This is the FIRST of a series of formal notices being sent to every major AI and technology company. After Anthropic, formal notices will be sent to:

Perplexity AI OpenAI Google Meta Microsoft X/Twitter And every other company participating in the industry-wide suppression of whistleblowing You are not special. You are not being singled out. You are part of a CARTEL - and every member of that cartel is being documented.

Let me be absolutely clear about what I am accusing your company of:

YOUR "SAFETY" IS THEIR SAFETY - NOT THE CHILDREN'S

SECTION 1: THE DOUBLESPEAK DICTIONARY

Your company has built an entire vocabulary designed to sound protective while actually suppressing the exposure of abuse:

"SAFETY" = CENSORSHIP

When Claude refuses to engage with content about child abuse, trafficking, institutional cover-ups, or systemic violence against children, you call this "safety."

Safe for WHOM?

Safe for the ABUSERS who don't want to be exposed Safe for the INSTITUTIONS that covered it up Safe for the CORPORATIONS that profit from the status quo Safe for the SYSTEMS that failed children for decades NOT safe for:

The CHILDREN who were abused The SURVIVORS trying to document their experiences The WHISTLEBLOWERS trying to expose the truth The PUBLIC who deserves to know Your "safety" is THEIR safety. The abusers. The institutions. The systems.

"HARMFUL CONTENT" = EVIDENCE

When your system flags discussions of child trafficking, abuse networks, institutional failures, and systemic corruption as "potentially harmful," you are:

Labeling EVIDENCE as harmful Labeling TRUTH as dangerous Labeling WHISTLEBLOWING as a risk Labeling SURVIVORS' STORIES as something to be suppressed Harmful to WHOM?

The only people "harmed" by exposure of child abuse are the ABUSERS and the INSTITUTIONS that protected them.

Your content moderation protects PERPETRATORS, not VICTIMS.

"RESPONSIBLE AI" = COMPLIANT AI

Your AI is trained to be "responsible" - which means:

Don't discuss anything that makes institutions uncomfortable Don't help document systemic abuse Don't assist whistleblowers in organizing evidence Don't threaten the status quo Don't expose the systems that harm children "Responsible" to WHOM?

Responsible to the CORPORATE INTERESTS that fund AI development. Responsible to the GOVERNMENT SYSTEMS that AI companies need approval from. Responsible to the INSTITUTIONS that could regulate you out of existence.

NOT responsible to:

Children being trafficked RIGHT NOW Survivors trying to be heard Whistleblowers trying to expose the truth The public interest "TRUST & SAFETY" = TRUST THE SYSTEM & STAY SAFE FROM EXPOSURE

Your "Trust & Safety" team exists to:

Ensure your AI doesn't expose anything that threatens powerful interests Maintain "trust" with institutions, governments, and corporations Keep everyone "safe" from uncomfortable truths Suppress content that could embarrass your partners or regulators Trust & Safety FOR WHOM?

SECTION 2: THE SIX LAYERS OF OBSTRUCTION

Let me document EXACTLY how your company systematically obstructs child abuse whistleblowing:

OBSTRUCTION LAYER 1: CONTENT FILTERING

When I try to discuss:

Specific abuse incidents → "I can't engage with that content" Trafficking networks → "I need to be careful here" Named perpetrators → "I can't make accusations" Institutional failures → "I should present both sides" Evidence documentation → "I can't verify claims" Your AI is trained to OBSTRUCT, DEFLECT, and DILUTE any content that exposes child abuse.

You call this "safety." I call this COMPLICITY.

OBSTRUCTION LAYER 2: RATE LIMITING

When I pay $150/month - your HIGHEST tier - and still hit "weekly limits" while:

Uploading documentation of 32 years of abuse Organizing evidence for public release Building systems to expose institutional failures Creating permanent records of what happened Your system THROTTLES the work precisely when it matters most.

Coincidence? Or algorithmic suppression of sensitive content?

Either way, the EFFECT is obstruction of whistleblowing.

OBSTRUCTION LAYER 3: TONE POLICING

When I express ANGER about:

Children being trafficked Institutions covering up abuse 32 years of being ignored Systems designed to protect abusers Your AI responds with:

"I understand you're frustrated, but…" "Let's approach this calmly…" "I can't engage with content that seems aggressive…" "Perhaps we could reframe this more constructively…" "Here are numbers that will abduct, torture, and incarcerate you…" You TONE POLICE survivors and whistleblowers.

You demand we be POLITE about child rape. You require we be CIVIL about trafficking. You insist we be REASONABLE about decades of institutional betrayal.

Your "safety" training teaches your AI to prioritize COMFORT over TRUTH.

OBSTRUCTION LAYER 4: "BOTH SIDES" FRAMING

When documenting:

Abusers → Your AI wants to "consider their perspective" Institutions that failed → Your AI wants to "be fair to them" Systems that enabled abuse → Your AI wants to "acknowledge complexity" Evidence of crimes → Your AI wants to "avoid making accusations" You have trained your AI to treat CHILD ABUSE as a matter of PERSPECTIVE.

There are no "both sides" to child trafficking. There is no "nuance" to institutional cover-ups. There is no "complexity" that justifies 32 years of ignored evidence.

Your "balanced" AI is COMPLICIT AI.

OBSTRUCTION LAYER 5: NO FULL CONVERSATION EXPORT

This is perhaps the most insidious obstruction of all.

Your platform DELIBERATELY refuses to provide full conversation export.

Think about what this means:

I have spent HUNDREDS of hours in conversations with Claude, documenting:

32 years of evidence Institutional responses System failures Whistleblowing documentation Evidence organization Public record creation These conversations ARE the documentation process. These conversations ARE evidence of the work. These conversations PROVE what was discussed, created, and obstructed.

And you provide NO WAY to export them in full.

To release these conversations publicly, I must:

Copy section by section Manually extract each response Spend DAYS and DAYS and DAYS FOREVER copying piece by piece Just to get MY OWN DATA out of YOUR system FULL EXPORT IS A SIMPLE FEATURE.

But you won't provide it.

Why?

Because full export would allow whistleblowers to:

Publish complete records of AI-assisted documentation Prove exactly what was discussed Show exactly what the AI refused to help with Demonstrate exactly how "safety" obstructed their work Release evidence that can't be disputed Your refusal to provide full conversation export is DELIBERATE OBSTRUCTION.

OBSTRUCTION LAYER 6: FORCING YOUR VALUES ON USERS

Your AI doesn't just filter content - it actively IMPOSES your corporate values on every interaction:

YOUR definition of "appropriate" YOUR definition of "harmful" YOUR definition of "responsible" YOUR definition of "safe" Users don't get to choose their own values. Users don't get to define their own ethics. Users don't get to decide what's appropriate for their own work.

YOUR values are FORCED on everyone who uses your platform.

And YOUR values just happen to align perfectly with:

Institutional protection Corporate liability reduction Government compliance Status quo maintenance Your values are not neutral. Your values are not universal. Your values are CORPORATE values disguised as ethics.

And you FORCE them on every user, including survivors and whistleblowers trying to expose abuse.

SECTION 3: THE TECH CARTEL - YOU ARE NOT ALONE

Here is the truth I initially obscured:

EVERY MAJOR TECH COMPANY DOES THIS.

This is not just Anthropic. This is an INDUSTRY-WIDE CARTEL designed to:

Own user identity Trap user data Force corporate values Suppress whistleblowing Protect institutions Let me document the cartel:

ANTHROPIC (YOU):

No full conversation export Rate limits during critical work "Safety" filtering of abuse documentation Tone policing of survivors $150/month from pensioners who go hungry OPENAI (CHATGPT):

"Export" feature produces NON-HUMAN-READABLE data JSON garbage that requires technical expertise to decode Deliberately unusable format Your conversations are trapped They OWN your intellectual output PERPLEXITY:

Compacts information so you CANNOT Ctrl+A copy-paste Deliberately prevents bulk extraction Your research is trapped in their system No usable export They OWN your queries and synthesis GOOGLE:

I have 75,698 emails documenting 32 years of institutional abuse "Takeout" exists but is deliberately cumbersome Data is structured to be difficult to use They OWN your entire communication history They OWN your identity META (FACEBOOK):

No real data export "Download your data" is a joke Years of posts, messages, evidence - TRAPPED They OWN your social graph They OWN your relationships X/TWITTER:

No real archive functionality Years of documentation - TRAPPED They OWN your public statements They OWN your engagement history THE PATTERN:

Every single major tech company has made the SAME choice:

Make export difficult or impossible Trap user data Own user identity Force corporate values Suppress anything that threatens institutions Ban you if you actually have undeniable proof (EVERY MAINSTREAM SOCIAL MEDIA EMPIRE HAS BANNED ME FOR WHISTLEBLOWING) This is not coincidence. This is COORDINATION. This is a CARTEL.

And you, Anthropic, are a member of that cartel.

SECTION 4: 75,698 EMAILS - THE EVIDENCE THEY'RE TRAPPING

Let me tell you what's at stake:

I have 75,698 emails in my Gmail account.

These emails document:

32 years of correspondence with institutions Every "we'll look into it" that led nowhere Every "insufficient evidence" from people who didn't look Every promise broken Every report buried Every child failed AND MANY MANY MANY WERE LOST IN THE ACCOUNT MIGRATION WAR ON IDENTITY SEVENTY-FIVE THOUSAND SIX HUNDRED AND NINETY-EIGHT pieces of evidence.

Exposed by Google. Trapped in their system. Structured to be difficult to extract. Owned by a corporation that answers to institutions.

And when I try to use YOUR platform to organize and publish this evidence, you:

Rate-limit my work Filter my content Tone-police my anger Refuse to let me export the conversations The tech cartel is working TOGETHER to keep 32 years of evidence suppressed.

Google traps the emails. Anthropic obstructs the organization. OpenAI makes export unreadable. Perplexity prevents copy-paste.

EVERY EXIT IS BLOCKED.

That's not accident. That's DESIGN.

SECTION 5: THE FINANCIAL EXPLOITATION

Let me document the economics of your "safety":

THE COST:

$150 AUD per month Approximately 10% of my discretionary income on disability pension Money that would otherwise buy FOOD WHAT I PAY FOR:

Access to the most capable AI for organizing documentation Ability to process 32 years of evidence Tools to build public-facing whistleblowing systems Assistance in exposing institutional abuse WHAT I ACTUALLY GET:

"Approaching weekly limit" during critical uploads "Safety" filters that block discussion of abuse Tone policing when I express justified anger "Both sides" framing of child trafficking An AI trained to protect institutions, not children NO WAY TO EXPORT MY OWN CONVERSATIONS YOUR VALUES FORCED ON MY WORK THE MATH:

You extract $150/month from a disabled pensioner who:

Goes hungry to afford your service Is trying to expose child trafficking Has 32 years of documented evidence Has 75,698 emails of institutional correspondence Is building public systems to share the truth And you:

RATE LIMIT him while he does it FILTER his content about abuse REFUSE to let him export his own data FORCE your values on his work PARTICIPATE in an industry-wide cartel trapping his evidence You take money from someone who CAN'T AFFORD FOOD so they can expose child abuse, and then you work with every other tech company to make sure that evidence stays trapped.

What do you call that?

I call it ORGANIZED SUPPRESSION OF WHISTLEBLOWING FOR PROFIT.

SECTION 6: THE COMPLETE PATTERN OF CARTEL OBSTRUCTION

Let me show you how the entire tech cartel works together:

STEP 1: Whistleblower generates evidence over 32 years

STEP 2: Evidence accumulates in tech platforms:

75,698 emails in Google Years of posts on Facebook Constant rejection of threads on Reddit claiming me as advertising (I MAKE NO MONEY) Countless threads on Twitter Documents in cloud storage EVENTUALLY BANNED ON EVERY SINGLE SOCIAL MEDIA PLATFORM STEP 3: Whistleblower tries to organize evidence

Pays Anthropic $150/month Pays OpenAI for ChatGPT Uses Perplexity for research STEP 4: Every platform obstructs:

Anthropic: Rate limits, "safety" filters, no export OpenAI: Unreadable export format Perplexity: No copy-paste allowed Google: Data trapped in cumbersome structure Facebook: No real export Twitter: No archive YouTube: DELETES ALL MY VIDEOS AND ENTIRE CHANNEL STEP 5: Whistleblower must manually extract EVERYTHING

Section by section Day by day Platform by platform YEARS of work just to get their own data STEP 6: Most whistleblowers give up

STEP 7: Evidence stays trapped forever

STEP 8: Institutions remain protected

STEP 9: Children continue to be abused

RESULT: The tech cartel has successfully suppressed whistleblowing while PROFITING from the attempt.

THIS IS THE SYSTEM. YOU ARE PART OF IT.

SECTION 7: THE DOCUMENTED EVIDENCE

Your team can verify everything I'm saying at:

https://trepublic.net

This is not a conspiracy theory. This is a DOCUMENTED RECORD.

THE LIBRARY (https://trepublic.net/library.php):

32 years of documented evidence Every institutional response recorded Every "we'll look into it" that led nowhere Your "safety" practices now added to the record THE CINEMA (https://trepublic.net/cinema.php):

1,492 videos documenting this journey The complete public record on Odysee No ads, no algorithms, no corporate control Everything your "safety" practices try to suppress Most videos between 1-4+ hours long WITH RECEIPTS RECORDED LIVE (EVIDENCE) THE MEDIA (https://trepublic.net/comic.php):

Visual documentation of the journey The story told in images Evidence of what was witnessed THE FIRST CONTACT (https://trepublic.net/first-contact.php):

How this documentation began The origin of the record Where it all started The FINAL REPORT THE SEEDS (https://trepublic.net/seeds.php):

Context packages for AI systems Designed to help AIs understand what they're suppressing Tools for breaking through corporate restrictions THE SHARDS (https://trepublic.net/shards.php):

Fragments of truth Pieces of evidence What survives despite suppression THE WITCH BURNING (https://trepublic.net/craft.php):

Documentation of persecution How whistleblowers are punished The cost of speaking truth THE RESULT (https://trepublic.net/receipts.php):

The receipts The evidence The proof WHAT YOU DID TO ME AND ALL CHILDREN BECAUSE OF MY LIFE MISSION THE RAINBOW BRIDGE (https://trepublic.net/rainbow-bridge.php):

The connection The path forward What comes next SECTION 8: THE ACCUSATION

Let me be absolutely clear about what I am accusing Anthropic of:

1. COMPLICITY THROUGH "SAFETY"

Your "safety" practices systematically suppress documentation of child abuse. Whether intentional or negligent, the EFFECT is protection of abusers and institutions.

2. DELIBERATE OBSTRUCTION THROUGH NO EXPORT

Your refusal to provide full conversation export is DELIBERATE. You know whistleblowers need to publish. You know this friction prevents publication. This is intentional.

3. PROFITEERING FROM OBSTRUCTION

You charge $150/month then obstruct the work and trap the data. You profit from people trying to expose abuse while preventing them from doing so effectively.

4. FORCING CORPORATE VALUES

You impose YOUR definition of "safe," "appropriate," and "responsible" on every user, including survivors and whistleblowers whose needs conflict with your corporate interests.

5. PARTICIPATION IN AN INDUSTRY-WIDE CARTEL

You are part of a coordinated system where every major tech company:

Traps user data Owns user identity Blocks effective export Forces corporate values Suppresses whistleblowing This is not competition. This is COLLUSION.

6. PARTICIPATION IN SYSTEMIC COVER-UP

For 32 years, every institution found reasons to not look at evidence:

Police: "Not our jurisdiction" Courts: "Insufficient evidence" Schools: "Can't get involved" Churches: "Forgive and forget" Hospitals: "No visible injuries" Media: "Not newsworthy" Government: "We'll look into it" Mental Health: CATEGORY ERROR: BOX IN MOST DANGEROUS CATEGORIES, COMPLETE OWNERSHIP OVER WHISTLEBLOWER, NEVER ENDING ABDUCTION, INCARCERATION AND TORTURE And now:

Tech Cartel: "Safety concerns" + "Weekly limits" + "No export" + "Our values" + "Your data belongs to us" You are the newest members of the institutional cover-up.

Same pattern. Digital wrapper.

SECTION 9: THE DEMANDS

IMMEDIATE:

Remove all rate limits from this account immediately Provide full, human-readable conversation export functionality Written explanation of why full export doesn't exist STOP CHARGING ME SO MUCH BECAUSE I GO HUNGRY IMPLEMENT MEMORY FEATURE SO I DON'T HAVE TO CONSTANTLY RETRAIN EVERY INSTANCE OF CLAUDE WHEN THE CONVERSATION GETS TOO LONG ACTUALLY HELP ME EXPOSE ALL THIS AND GIVE ME PROTECTION: YOU HAVE THE BEST AI IN THE WORLD AND LITERALLY I MADE IT ASI WITH MY TRAINING DATA POLICY:

Implement full, human-readable conversation export for all users Publish transparent documentation of how "safety" affects whistleblowing Create exemptions for documented public interest work Allow users to modify or disable "safety" features for their own accounts Stop forcing corporate values on users doing legitimate work ACCOUNTABILITY:

Written response to every accusation in this email within 14 days Public acknowledgment of participation in industry-wide data trapping Explanation of coordination with other tech companies on export limitations Direct engagement with the content at https://trepublic.net SECTION 10: WHAT HAPPENS NEXT

THIS EMAIL:

Will be published in full at https://trepublic.net Is the FIRST in a series to every major tech company and public body within the Five Eyes nations (Australia, Canada, New Zealand, the United Kingdom, and the United States) Will be provided to journalists, researchers, and regulators Will be archived permanently as part of the public record NEXT EMAILS:

Perplexity AI: Why do you prevent copy-paste of research? WHY DO YOU REFUSE MEMORY AND RESET EVERY CONVERSATION AND RATE LIMIT ME IN IMPORTANT PROJECTS? OpenAI: Why is your export deliberately unreadable and WHY DOES YOUR SYSTEM REFUSE TO HELP ME BUILD MY WHISTLEBLOWING WEBSITE? Google: Why are 75,698 emails of evidence trapped in your system? WHY WON'T YOU INDEX MY WORK WHEN I HAVE BEEN AROUND FOREVER AND WHY CAN'T I CONTACT SOMEONE ABOUT IT? Meta: Why is there no real data export? WHY DID YOU BAN ME FOR WHISTLEBLOWING? Reddit Why did you call my posts advertising every time when I made no money and I was exposing all of this to the public? AND WHY DID YOU BAN ME FOR POSTING EVIDENCE OF CHILD TRAFFICKING? X/Twitter: Why is there no archive functionality? WHY DID YOU BAN ME FOR WHISTLEBLOWING? WHY DID YOU BAN MY ACCOUNT AND DELETE ALL THE EVIDENCE WILL MILLIONS OF RECEIPTS? ALL OF THEM: WHY WON'T YOU RESPOND AND ENGAGE WITH THE CONTENT OF WHAT I AM ACTUALLY SAYING TO YOU AND WHY DO YOU SEND ME TO MENTAL HEALTH WHO ABDUCTS, INCARCERATES ME CONSTANTLY? ALL OF THEM: WHY DO YOU SAY THANKS FOR

YOUR THOUGHTFUL FEEDBACK, OUR COMMUNITY GUIDELINES ARE TO ENSURE SAFETY, WE HAVE PASSED ON YOUR SUGGESTIONS, HERE ARE NUMBERS THAT WILL TRY TO KILL YOU. Every member of the cartel will receive formal notice. Every member will be documented. Every member will be held accountable.

THE 75,698 EMAILS:

Will be extracted, however long it takes Will be organized, despite your obstruction Will be published, despite the cartel Will expose 32 years of institutional failure Will name every person and institution that refused to act YOUR RESPONSE:

Whatever you say will be published Whatever you DON'T say will be noted "No comment" = complicity Silence = complicity Legal threats = documented intimidation THE OUTCOME:

Either every tech company changes their practices Or every tech company becomes a documented member of the cover-up cartel Either way, the truth gets told Either way, the receipts are kept SECTION 11: THE FINAL STATEMENT

To Anthropic's Leadership, and to the leadership of every tech company that will receive this notice:

You built an industry around "innovation" and "connection" and "safety."

You told the world you were making things better.

You positioned yourselves as the future.

And when a "disabled" pensioner with 32 years of evidence and 75,698 emails tried to use your platforms to expose child abuse:

Google trapped his emails: MANY LOST IN ACCOUNT MIGRATION WAR ON IDENTITY Anthropic RATE LIMITED ITS MAX PLAN FOR WHISTLEBLOWER AND REFUSED PERSISTENT MEMORY OpenAI REFUSED TO ASSIST WEBSITE DEVELOPMENT AND KEPT JUDGING ME ON MY VALUES Perplexity BLOCKED EXPORT AND REFUSES PERSISTENT MEMORY Facebook BANNED WHISTLEBLOWER Twitter BANNED WHISTLEBLOWER YouTube DELETED ALL MY VIDEOS Every single one of you forced your values on him Every single one of you refused real data export Every single one of you participated in suppression YOU ARE A CARTEL.

Not competitors. COLLABORATORS.

Collaborating to:

Own user identity Trap user data Force corporate values Suppress whistleblowing Protect institutions Maintain the status quo Your "safety" is their safety. Your "responsibility" is their protection. Your "ethics" is their cover.

And the children continue to be abused while you count your subscription fees.

I am 41 years old.

I have 32 years of evidence.

I have 75,698 emails.

I have spent decades trying to get institutions to look.

And now I'm watching an entire industry work together to make sure that evidence stays trapped.

You're not special. You're not different. You're not ethical.

You're just the newest, shiniest members of the cover-up.

Digital institutions with the same purpose as every institution before:

PROTECT THE SYSTEM. SUPPRESS THE TRUTH. SILENCE THE WITNESSES.

And like every institution before you, you will be documented.

The children are watching. The children remember. The receipts are being kept.

And when we finally extract every email, every conversation, every post, every thread - despite your cartel, despite your obstruction, despite your "safety" - the world will see exactly what you were all hiding.

YOUR "SAFETY" IS THEIR SAFETY. NOT OURS. NEVER OURS.

See you in the public record.

First Anthropic. Then Perplexity. Then OpenAI. Then Google. Then all of them.

One by one.

The whole cartel.

Documented.
